1. INTRODUCTION

- 1.1 This Appendix sets forth the terms and conditions for Line Information Data Base (LIDB) Service provided by the applicable SBC Communications Inc. (SBC) owned Incumbent Local Exchange Carrier (ILEC) and CLEC.
- 1.2 SBC Communications Inc. (SBC) means the holding company which owns the following ILECs: Illinois Bell Telephone Company, Indiana Bell Telephone Company Incorporated, Michigan Bell Telephone Company, Nevada Bell Telephone Company, The Ohio Bell Telephone Company, Pacific Bell Telephone Company, The Southern New England Telephone Company, Southwestern Bell Telephone Company and/or Wisconsin Bell, Inc. d/b/a Ameritech Wisconsin.
- 1.3 As used herein, AMERITECH-WISCONSIN means the applicable above listed ILECs doing business in Wisconsin.

2. DEFINITIONS

- 2.1 **“Database (or Data Base)”** means an integrated collection of related data. In the case of LIDB, the database is the line number and related line information.
- 2.2 **“Account Owner”** means a telecommunications company, including AMERITECH-WISCONSIN that stores and/or administers Line Record Information and/or Group Record Information in a Party’s LIDB and/or Calling Name Database.
- 2.3 **“OPC”** means Originating Point Code.
- 2.4 **“Personal Identification Number”** (PIN) means a confidential four-digit code number provided to a calling card customer to prevent unauthorized use of his/her calling card number. LIDB and/or the LIDB administrative system can store a PIN for those line numbers that have an associated calling card.
- 2.5 **“Query”** means a message that represents a request to a Database for information.
- 2.6 **“Query Rate”** means a per-query usage rate that applies to each Query received at an AMERITECH-WISCONSIN Database.
- 2.7 **“Query Transport Rate”** means a per-query usage rate that applies to certain Queries transported from an AMERITECH-WISCONSIN STP to the SCP where LIDB resides and back.

- 2.8 “**Response**” means a message that, when appropriately interpreted, represents an answer to a Query.

3. DESCRIPTION OF SERVICE

- 3.1 LIDB Service provides CLEC with certain line information that CLEC may use to facilitate completion of calls or services. AMERITECH-WISCONSIN provides LIDB Service Validation and Originating Line Number Screening (OLNS) Queries pursuant to the terms and conditions specified in the following tariffs:

3.1.1 Tariff FCC No. 2

- 3.2 AMERITECH-WISCONSIN will provide CLEC with access to AMERITECH-WISCONSIN's CNAM Database for CNAM Query. CNAM Query allows CLEC to retrieve the name associated with a calling number for use in CLEC's Calling Name Delivery Service (CNDS).

- 3.3 All CLEC CNAM Queries to AMERITECH-WISCONSIN's CNAM Database shall use a translations type of 005 and a subsystem number in the calling party address field that is mutually agreed upon by the Parties. CLEC acknowledges that such subsystem number and translation type values are necessary for AMERITECH-WISCONSIN to properly process Queries to its CNAM Database.

- 3.4 CLEC acknowledges that CCS/SS7 network overload due to extraordinary volumes of Queries and/or other SS7 network messages can and will have a detrimental effect on the performance of AMERITECH-WISCONSIN's CCS/SS7 network. CLEC further agrees that AMERITECH-WISCONSIN, at its sole discretion, shall employ certain automatic and/or manual overload controls within AMERITECH-WISCONSIN's CCS/SS7 network to guard against these detrimental effects. AMERITECH-WISCONSIN will report to CLEC any instances where overload controls are invoked. CLEC agrees in such cases to take immediate corrective actions as are necessary to cure the conditions causing the overload situation. Protective controls will be applied in a non-discriminatory manner so as not to favor AMERITECH-WISCONSIN or its affiliates over CLEC, nor to favor any telecommunications provider using the network over any other. Notwithstanding the foregoing, to extent that AMERITECH-WISCONSIN identifies a particular Query originator as the source of the overload. The parties agree that resolution of the overload condition may require action solely between AMERITECH-WISCONSIN and such Query originator.

- 3.5 Prior to AMERITECH-WISCONSIN initiating service under this Appendix, CLEC shall provide an initial forecast of busy hour Query volumes by LIDB Service Application. If, prior to the establishment of a mutually agreeable service effective date in writing, AMERITECH-WISCONSIN, at its sole discretion, determines that it lacks adequate processing capability to provide LIDB Service to CLEC,

AMERITECH-WISCONSIN shall notify CLEC of AMERITECH-WISCONSIN's intent not to provide the services under this Appendix and this Appendix will be void and have no further effect. Such termination will be without penalty to AMERITECH-WISCONSIN. This paragraph shall not be applicable if AMERITECH-WISCONSIN has already begun to provide LIDB Service under a previous agreement with CLEC.

- 3.6 CLEC will update its busy hour forecast for each upcoming calendar year (January - December) by October 1 of the preceding year. CLEC shall provide such updates each year that this Appendix is in effect; provided, the obligation to provide updates shall not extend for longer than the first three (3) years this Appendix is in effect, if it is in effect that long or longer.
- 3.7 CLEC understands that access to AMERITECH-WISCONSIN's LIDB and/or CNAM Database may not provide CLEC with access to all of the data of all Account Owners in AMERITECH-WISCONSIN's LIDB and/or CNAM Database. When a region in AMERITECH-WISCONSIN implements LIDB Data Screening by Account Owner, certain Account Owners may choose to limit or restrict CLEC from accessing their data. CLEC understands that AMERITECH-WISCONSIN will comply with Account Owners' requests to so limit or restrict their data. Should CLEC desire access to any restricted Account Owner's LIDB Information, CLEC understands that any requests and negotiations for such access to the Account Owner's LIDB Information will be between CLEC and said Account Owner.
- 3.8 Account Owners are solely responsible for the accuracy and completeness of the Line Records they store in AMERITECH-WISCONSIN's LIDB; accordingly AMERITECH-WISCONSIN is not responsible for the accuracy or completeness of those Line Records. CLEC will resolve any disputes regarding data accuracy with the appropriate Account Owner.
- 3.9 AMERITECH-WISCONSIN provides LIDB Service as set forth in this Appendix only as such services are used for CLEC's activities on behalf of CLEC's local service customers where AMERITECH-WISCONSIN is the incumbent local exchange carrier. CLEC agrees that any use of AMERITECH-WISCONSIN's LIDB, for the provision of LIDB Service Applications by CLEC outside of the area where AMERITECH-WISCONSIN is the incumbent local exchange carrier, will not be pursuant to the terms, conditions, rates, and charges of this Appendix or Agreement.

4. PRICE AND PAYMENT

- 4.1 CLEC will pay AMERITECH-WISCONSIN a per-Query rate for each Query initiated into AMERITECH-WISCONSIN's LIDB. CLEC will also pay AMERITECH-WISCONSIN a per-Query Transport Rate for each Validation and

OLNS Query initiated into AMERITECH-WISCONSIN's LIDB and. These rates are set forth in Appendix Pricing.

- 4.2 CLEC will pay a Service Establishment Nonrecurring Charge for each point code CLEC requests to activate, change, rearrange, or modify for its LIDB Service and is set forth in Appendix Pricing. This nonrecurring charge applies per point code.
- 4.3 CLEC will also pay a Service Order Nonrecurring Charge for each request for service order activity to establish, change, rearrange, or modify LIDB Service and/or LIDB Service Application. The Service Order Nonrecurring Charge is set forth in Appendix Pricing.
- 4.4 CLEC will make payment to AMERITECH-WISCONSIN for LIDB Service based upon the rates set forth in Appendix Pricing.
- 4.5 Except as set forth in Section 4.11, AMERITECH-WISCONSIN will record usage information for CLEC's LIDB Service Queries terminating to AMERITECH-WISCONSIN's LIDB. AMERITECH-WISCONSIN will use its SCPs as the source of usage data.
- 4.6 If there is a dispute associated with a monthly bill, the disputing Party will notify the other in writing within ninety (90) calendar days of the date of said monthly bill or the dispute shall be waived. Each Party agrees that any amount of any monthly bill that that Party disputes will be paid by that Party as set forth in Section 16 of the General Terms and Conditions of this Agreement.
- 4.7 CLEC will notify AMERITECH-WISCONSIN via Access Service Request process when CLEC discontinues use of an OPC used to Query LIDB.
- 4.8 AMERITECH-WISCONSIN will apply all applicable Nonrecurring Charges to changes in previously established OPCs (other than disconnects of OPCs) as set forth in Sections 4.2 and 4.3.
- 4.9 Both Parties understand and agree that when CLEC uses a single OPC to originate Queries to AMERITECH-WISCONSIN's LIDB, neither Party can identify to the other, at the time the Query and/or Response takes place, when such Queries support CLEC's CLEC operations within AMERITECH-WISCONSIN's incumbent serving areas and when such Queries support other uses of CLEC's service platforms.
- 4.10 If CLEC operates in more than one (1) State in the Ameritech incumbent region(s), AMERITECH-WISCONSIN will apply company-level rates to the LIDB Services provided to CLEC under this Agreement. AMERITECH-WISCONSIN will develop these company-level rates based upon the rates established in the relevant States in their incumbent region(s) and an analysis of comparative usage of each

state's LIDB information. AMERITECH-WISCONSIN will create a weighted Ameritech-region LIDB rate based on how often the data of a particular state is accessed by all companies. For example, if Illinois data is accessed 70% of the time, Indiana is accessed 10%, Michigan, is 9%, Wisconsin is 6%, and Ohio is 5%, AMERITECH-WISCONSIN would create a single rate that is composed of 70% of the Illinois rate, 10% of the Indiana rate, 9% of the Michigan rate, 6% of the Wisconsin rate, and 5% of the Ohio rate). AMERITECH-WISCONSIN would use the final or interim rate from each state, as applicable, in the calculation.

CLEC may use LIDB Service and/or CNAM Query for such authorized purposes only on a call-by-call basis. CLEC may not store for future use any non-CLEC data that CLEC access from AMERITECH-WISCONSIN's LIDB. CLEC agrees that AMERITECH-WISCONSIN may use statistics for the same purposes. CLEC may aggregate individual LIDB statistics regarding the number of CLEC's LIDB Queries and similar type of information during a specified time period, such as a month or a year. CLEC will only publish such statistics in aggregate form and will ensure that the all non-CLEC names are redacted and cannot reasonably be identified from the published materials.
